KENNEL COUGH ADVISORY

Please be advised that even though your pet has been vaccinated with bordetella vaccine, it does not guarantee that your pet will not contract kennel cough. We recommend your pet be vaccinated at least 5 days prior to boarding. Also be advised we will not accept any responsibility if your pet is infected. If any treatment is required after boarding you are solely responsible. Treatment for kennel cough can range from \$50.00 to \$100.00.

Please understand we take all precautions possible to prevent your pet from contracting this virus, but there is always a risk when a pet is exposed to other animals.
